REMARKS

OCT 20 2006

The present application includes claims 1-34. Claims 1-34 are the subject of a restriction requirement. By this Amendment, claims 1-26 have been elected and claims 27-34 have been cancelled.

More specifically, in the Office Action mailed August 30, 2006, the Examiner identified the following two inventions in the claims.

Invention I. Claims 1-26

Drawn to light therapy, classified in class 607, subclass 089

Invention II. Claims 27-34

Drawn to surgical methods, classified in class 128, subclass 898

The Examiner requires that the claims in the present application be restricted to only one invention. Therefore, the Applicants elect claims 1-26 and cancel claims 27-34.

The Applicants reserve the right to file one or more divisional applications with respect to the other invention.
